TRUST BUILDING SCRIPTS

**1. Associate:** *We have a Market Trend Report that breaks down the marketplaces sales and inventory so you can see where the marketplace was 30, 60 days ago, where it is today and where it's trending to. It basically guarantees you will pay the right price for a home and in most cases the lowest price for homes. Would you be interested in having a copy of our market trends report?*

*We at \_\_\_\_\_ create a best buy list. It consists of the best values in key areas and price ranges for the marketplace. You're looking in the \_\_\_\_\_ area and the \_\_\_\_\_ price range is that correct?*

*There are few homes that are on our best buy list that could meet your needs. Do you want me to send you a copy?*

*\_\_\_\_\_, this might have happened to you in your search for a home. Have you called about a home that you thought would be a nice home only to find out it was sold? Sometimes the very best buys are sold in a day because people are working with agents who are monitoring the inventory for them. When that great deal comes up they buy it. If I have some clearer direction on what you are looking for I can help you gain access to that inside position on the best deals.*

*Is that something you would want?*

*I'll be happy to give you the information above and beyond what you called on and requested. I am a go type of level service provider who gives more than my customs and clients expect. Let me ask you, what do you expect from a real estate agent?*

*\_\_\_\_\_ the basic information of homes for sale is only part of the information that you will need. That is going to help you understand your options in selection. It's also important to get the information on homes that have sold so you don't pay too much... okay? You can get the first by yourself by looking online. I would be happy to give you the second and give you my professional analysis and we can meet to make sure you get the best value.*

**2. Associate:** *At the risk of losing a client would it be okay if I was direct with you and told you the truth about today's market?*

*We have two groups of people that we work with, customers and clients. The customer receives information about the market and properties that meet their needs and criteria. Clients receive those as well. Additionally, they receive more personalized service and counsel, plus access to the best values and insider deals in the marketplace.*

*If you had to guess, which do you think you might want to consider?*

*Our focus at the \_\_\_\_\_ is always people before profits. We would rather not sell you a home then have you buy one that you aren't extremely pleased and comfortable with.*

*In working with clients my goal is to be able to service people, like yourself, in a long standing relationship. I don't tell clients what to do. I give them more information, the facts and figures and trends of the market so they can make the best decision for them and their family.*

*What more should I know to better understand your situation and serve you to exceed your expectations?*

*\_\_\_\_\_, I am not in the business of selling homes. I am in the business of servicing clients. I don't work to sell homes or even a particular home. My desire is to just ask you to consider our service. I truly believe based on \_\_\_\_\_ you will be pleased. Shall we just book a quick no cost and no obligation appointment?*
